

YAMAHA GRAND PIANO FOR SALE!

**THE ONE AND ONLY HANDCRAFTED MODEL PRODUCED BY
YAMAHA for a brief period, beginning in 1988**

S400B

6'3"

BLACK HI-GLOSS EBONY

IN SUPREMELY FINE CONDITION

This wonderful piano was purchased by Lynn Killingsworth in San Francisco — the first year this handcrafted model was released. It is a one-owner piano and has been maintained by professional tuners and technicians faithfully since purchase in 1988.

The Yamaha S400B has often been compared with the German Hamburg Steinway in sound and responsiveness. You simply will not believe your ears when you hear the bell-like quality of the upper register, the warmth of tone in the mid-range, and the rich, resonant bass! If you are looking to “trade up” to a finer instrument, do not hesitate to consider this superior piano.

Asking price: \$31,000. This includes duet bench with music storage compartment.

Location: Murrieta, CA
